

Maia Jacobs

Assistant Professor
Department of Computer Science
Department of Preventive Medicine
Northwestern University
2233 Tech Dr, Evanston, IL 60208

maia.jacobs@northwestern.edu
<https://sites.northwestern.edu/nupath/>

Appointments

2021– * **Northwestern University**, Evanston, IL
Assistant Professor, Computer Science
Assistant Professor, Preventive Medicine (joint appointment)
2018-20 **Harvard University**, Cambridge, MA
Postdoctoral Fellow, Center for Research on Computation and Society

Education

2012–17 **Ph.D.**, Human Centered Computing, Georgia Institute of Technology
2005-10 **B.S.**, Industrial and Systems Engineering, University of Wisconsin-Madison

Awards & Honors

2025 ACM CHI Best Paper Honorable Mention Award
2024 Searle Fellow, Northwestern University
2021 Lisa Wissner-Slivka and Benjamin Slivka Chair in Computer Science
2019 iSchools Doctoral Dissertation Award
2019 Georgia Institute of Technology College of Computing Dissertation Award
2019 Harvard Data Science Initiative Postdoctoral Fellow Research Fund Award
2017 Rising Stars in EECS, Stanford University
2016 Georgia Tech Foley Scholar Award
2014 ACM CHI Best Paper Honorable Mention Award
2014 1st Place for Community Impact, Georgia Tech Convergence Innovation Competition

Funding

As PI and Co-PI

2025 National Institute of Mental Health ALACRITY center seed grant
A Mixed-Method Study to Address Algorithmic Fairness in Mental Health Risk Calculators
PI: Maia Jacobs. 01/2025-12/2025. \$74,717.

- 2025 ARCC Partnership Development Grant
Building a Community Advisory Board to Address Vicarious Trauma and Burnout Among Advocates Against Gender-based Violence.
PIs: Maia Jacobs, Colleen Norton. 2025-2026. \$8,000.
- 2023 National Cancer Institute Supplement (P50CA271353)
Design and evaluation of EMR reports to facilitate clinician-led communication on cancer risk behaviors with cancer survivors.
PIs: Maia Jacobs, Courtney Scherr. 2023-2024. \$94,781
- 2022 Underwriters Laboratories Inc.
Co-designing Patient-Facing Machine Learning for Prenatal Stress Reduction.
PIs: Maia Jacobs, Nabil Alshurafa. 2023-2024. \$262,987.
- 2021 National Science Foundation Smart & Connected Community Planning Grant (2125488)
Improving healthcare access in marginalized communities through smart connected technologies.
PIs: Yu Nie, Kiarri Kershaw, Maia Jacobs, Amanda Stathopoulos, Qi Zhu. 2021-2022. \$100,000.
- 2019 Harvard Data Science Initiative Postdoctoral Fellow Research Fund.
Personalizing mental health care: Bringing machine learning support into the clinic through user centered design.
PIs: Maia Jacobs, Melanie Pradier. 2019-2020. \$9600.

As HCI Lead

Note: These are funded clinical projects led by large interdisciplinary teams, in which I served as co-investigator and the lead HCI researcher

- 2025 National Cancer Institute (1U19CA291404)
Advancing Control Equity Research Through Transformative Solutions in Patient Navigation (ACCERT PN).
PIs: Melissa Simon, Betina Yanez. 2025-2030. \$10,000,000).
- 2022 National Cancer Institute (P50CA271353)
Scalable TELeheaLth Cancer CARE: The STELLAR Program to Treat Cancer Risk Behaviors.
PIs: Sofia Garcia, Brian Hitsman, Siobhan Phillips, Bonnie Spring. 2022-2027. \$6,714,637.
- 2020 National Institute of Mental Health (1P50MH119029)
Technology Enabled Services for Coordinated Care of Depression in Healthcare Settings.
PI: David Mohr. 2020-2025. \$6,121,978.

In Review

- 2026 NNCI Collaborative Intelligence Research Awards
Beyond Prediction: Enabling Shared Decision-Making Around AI-Generated Prognostic Risk
PIs: Maia Jacobs, Sofia Garcia, Eytan Szmuliowicz, Melanie Smith. 2026-2027. \$34,965.
- 2025 National Science Foundation (2541381)
CAREER: Transforming Predictive Model Interfaces to Support Shared Decision-Making.
PI: Maia Jacobs. 2026-2031. \$743,822.

- 2025 Sloan Early Career Fellowship (nomination)
Redefining Prediction for Human-Centered High-Stakes Decisions
PI: Maia Jacobs. 2026–2027. \$75,000.
- 2025 National Science Foundation (2600206)
Collaborative Research: SCH: Conversational AI for Accurate Medical History Taking in Pediatric Intensive Care.
PI: Maia Jacobs. 2026-2029. \$924,255.
- 2025 National Institute of Mental Health (R01MH1424151)
Pilot trial of a digital intervention for secondary traumatic stress among gender-based violence frontline workers.
PIs: Kaylee Kruzan, Maia Jacobs. 2026-2028. \$1,182,942.
- 2025 Meta Platforms, Inc.
LLM-EMG: Foundation Models for EMG-Driven Human-Machine Interaction.
PIs: Qi Zhu, Stephen Xia, Maia Jacobs. 2026. \$150,000.
- 2025 National Institutes of Health
Developing and Testing the HEARTSIGN Toolkit: An Implementation Science Approach to Integrate CVH Growth Curves as a Pediatric Vital Sign in Preventive Care.
PI: Farzad Ahmad. 2026-2028. \$720,000.

Submitted, Unfunded

- 2025 National Institute of Mental Health (R01MH1424681)
Refinement and optimization of a prenatal stress intervention to prevent perinatal depression.
PI: Maia Jacobs. 2026-2028. \$1,085,000.
- 2023 National Science Foundation (2337446).
SCC-IRG Track 2: Creating collaborative, adaptive interventions to address burnout among frontline workers in Cook County.
PIs: Maia Jacobs, Kaylee Kruzan, Colleen Norton. 2024-2028. \$1,017,271.
- 2023 National Institute of Mental Health (R34MH1337651)
Digital Intervention for Uncertainty Management of Long COVID.
PI: Maia Jacobs. 2023-2026. \$698,796.

Publications

Peer Reviewed Journal and Conference Articles

Note: In Computer Science and Human-Computer Interaction, conferences are considered top-tier publication venues, equivalent to high impact journals.

Invited Talks

- 2025 **Nokia Bell Labs Responsible AI Seminar Series**
Designing Human-Centered ML for Collaborative Medical Decision Making
HCI in Healthcare Course, University of Copenhagen
Designing Human-Centered ML for Collaborative Medical Decision Making
Dagstuhl Seminar: From Research to Certification with Data-Driven Medical Decision Support Systems AI in Healthcare: Key Human-Computer Interaction Challenges
- 2024 **CSGrad4US Panel**
What I Wish I Would Have Known Before Attending Graduate School
- 2023 **University of Michigan AI Seminar Series**
Interaction Design Challenges for AI in Medicine
Saint Xavier University, School of Nursing and Health Sciences
The Future of AI in Medicine

Shirley Ryan Learning for Life Seminar Series, Northwestern University
Designing AI for Real World Adoption

HerVoice Podcast

[Navigating STEM: A Discussion with Dr. Maia Jacobs](#)

Summer Research Scholars Program, Northwestern University

Bringing AI to the Bedside with User Centered Design

Interprofessional Education Seminar (CLIN PSYC 526)

Interdisciplinary Research Panel

AAAI-23 Bridge Program: AI Technology and Nursing

The Path Forward for AI in Healthcare: Bridging Technology and Nursing Gaps

AINU Panel

The Path Forward for AI in Healthcare

MS-AI Frameworks for Artificial Intelligence Course

Bringing AI to the Bedside with User Centered Design

2022

Cleveland Clinic Healthcare Delivery & Implementation Science Center Series

MyPath: Personalized information throughout the breast cancer trajectory

NU Behavioral and Psychosocial Research Training Program in Cancer Prevention and Control Seminar Series

Designing Adaptive Digital Health Tools

Lambert Conference on the Future of Human-Computer Interaction + Design

ML in Healthcare: What is the future of shared decision-making?

Human Computer Interaction Consortium, Health & Data Panel

Bringing AI to the Bedside with User Centered Design

BIRS workshop on Dynamics and Data Assimilation, Physiology and Bioinformatics: Mathematics at the Interface of Theory and Clinical Application

User-Centered Design for Antidepressant Prediction Models

CBITs Digital Mental Health Webinar

A community partnership approach to digital field trials

2021

Keynote Speaker, ACM Conference on Health, Inference, and Learning (CHIL)

Bringing AI to the Bedside with User Centered Design

2019

Center for Research on Computation and Society Seminar Series, Harvard University

How Adaptive Technologies are Changing Chronic Disease Care

Conscious Harvard Initiative, Harvard University

Using Qualitative Data Analysis to Identify Issues of Diversity and Inclusion

Foundations of Biomedical Informatics Course, Harvard Medical School

Human-Computer Interaction and Design

Design of Useful and Usable Interactive Systems Course, Harvard University

Qualitative methods: Data collection and Analysis

2018

Personal Health Informatics Seminar, Northeastern University

Can Personalized and Adaptive Tools Change Patients' Health Management Behaviors?

Technology for Equitable & Accessible Medicine Seminar, Harvard University

Personalized Tools to Support Illness Trajectories

2017	GVU Center Brown Bag Seminar, Georgia Institute of Technology Personalized Mobile Tools to Support Chronic Health Journeys
2016	Workshop on Interactive Systems in Healthcare Lessons Learned From a Yearlong Deployment of Customizable Breast Cancer Tablet Computers

Teaching

Northwestern University

** denotes original course development and first-time instruction.*

2024-5	CS 396/496 Human-AI Interaction Research*
	CS 329 HCI Studio
2023-4	CS 329 HCI Studio
2022-3	CS 496 HCI Methods for Health Research*
	CS 329 HCI Studio
2021-2	CS 396 Interactive Systems for Health Behavior Change*

Georgia Institute of Technology

2015	CS 3750 User Interface Design, Instructor on Record,
2013	CS 3750 User Interface Design, Teaching Assistant

Academic Service

Leadership	2024-2025 Membership Coordinator, Technology and Behavior Change Special Interest Group, Association for Behavioral and Cognitive Therapies (ABCT)
Organizing Committees	Proceedings Co-chair; ACM CSCW 2025 Diversity Co-Chair; IEEE Body Sensor Networks Conference (BSN) 2024
Program Committees	CHI 2025 CSCW 2023 CHI 2023 GROUP 2022 Pervasive Health 2020 CHI 2019 CHI 2017 Late Breaking Work
Internal Service	I.AIM AI Ethics Committee Member 2026 - present CS Faculty Hiring Committee 2024-5 Human-Computer Interaction Consortium (HCIC) Coordinator 2022, 2023 CS+X Lunch Coordinator, 2023-2025 Computer Science NU Presidential Fellowship Selection Committee 2023 TSB PhD Admissions Committee 2022-2023

Reviewing CHI; TOCHI; CSCW; IMWUT; DIS; JAMA; JAMIA; AMIA; Translational Psychiatry; JMIR

Academic Advising

Student Advising

Postdocs Sooyeon Jeong, Center for Behavioral Intervention Technologies Fellow, 2022-2023
Now: Assistant Professor, Purdue University

PhD Monisola Jayeoba, PhD Technology and Social Behavior, 2022-present
2024 American Association of University Women (AAUW) International Fellow
Mara Ulloa, PhD Computer Science, 2021-present
2023 NSF Graduate Research Fellow Recipient
Connie Chau, PhD Technology and Social Behavior, 2021-present
2025-6 Google Research Fellow
2023 Edward A. Bouchet Honor Society Inductee
Hannah Studd, PhD Media, Technology, and Society, 2021-2025
Stefany Cruz, PhD Computer Engineering, 2021-2025
Microsoft Research Ada Lovelace Ph.D. Fellow,
2025 Northwestern Computer Engineering PhD Thesis Award

M.S. Niharika Gopinath Menon, Computer Science, Northwestern University (class of 2024)
Maya Blumovitz, Computer Science, Northwestern University (class of 2023)
Yuanhui Huang, Computer Science, Northwestern University (Class of 2023)

B.S. Luke Malaisrie, Computer Science, Northwestern University (Class of 2025)
Angela Davis, Computer Science, Northwestern University (Class of 2024)
Will Finigan, Computer Science, Harvard University (Class of 2021)
Jeffrey He, Computer Science, Harvard University (Class of 2020)

Committees

Dissertation Committees Blaine Rothrock, PhD Computer Science, NU
Evey Huang, PhD Technology and Social Behavior, NU
Farzad Shahabi, PhD Computer Science, NU
Glenn Fernandes PhD Computer Science, NU
Ada Ng, PhD Technology and Social Behavior, NU

Qualifier Committees Evey Huang, PhD Technology and Social Behavior, NU
Farzad Shahabi, PhD Computer Science, NU
Taewook Kim, PhD Technology and Social Behavior, NU
Yinmiao Li, PhD Computer Science and Learning Sciences, NU
